

We're Uniting to Protect Our Rights and Stop City Service Cuts

On July 1, 2010, the City of Los Angeles adopted a budget that imposed 26 furlough days on many SEIU Local 721 members. These service cuts are dividing our workforce and devastating our city services.

Our agreement with the City of Los Angeles prohibits the unilateral implementation of furloughs for any SEIU Local 721 member during the current fiscal year 2010-11.
