

# Petition of Support

To: Supervisor Bob Buster – District 1  
Supervisor John Tavaglione – District 2  
Supervisor Jeff Stone – District 3  
Supervisor John Benoit – District 4  
Supervisor Marion Ashley – District 5

My name is: \_\_\_\_\_

I am a local business owner/manager of a local private business:

\_\_\_\_\_  
(Name & address of business)

I am also a Riverside County resident.

I am aware that the County of Riverside is the largest employer in the County and I fully understand the impact to my business, my employees and my income of reducing the wages and benefits of County Employees. I also understand that the media has been used to obscure the truth about public employee pensions and that pension reform is a political issue.

I am a taxpayer.

I am a voter.

I do NOT support any further reductions of wages or cuts in benefits to Riverside County employees.

As elected officials I expect you to maintain the stability of our local economy while we are recovering from the worst economic recession since the Great Depression. Do not take measures such as reducing the wages and benefits for employees of one of the largest employers in the county, which will cripple our economic recovery, cause more small businesses to close their doors and more residents to lose their homes.

**I SUPPORT Riverside County employees and I understand that they are part of the solution for economic recovery.**
