

Steward Decertification Showing of Support Petition

We, the undersigned members of SEIU Local 721, request that

(Name)

be decertified as a union steward for

(Department, facility, and work area)

We understand that stewards perform critical roles for Local 721, including organizing, problem solving, educating, communicating, and providing worksite leadership.

We also understand that every Local 721 steward is required to complete a basic steward training course, including classroom and on-the-job components.

By decertifying the steward named above, Local 721 can help us to better unify and organize ourselves in our struggle for dignity and respect, workplace fairness, and economic justice.
