

DPSS Members: On Monday, June 22 the Board of Supervisors will be discussing and voting on a new County budget. Let's all be there in force to call for...

More Faces, Less Cases!

DPSS caseloads are hitting an all-time high with many eligibility workers reporting over 3,000 cases a month! The caseloads are at a crisis level and this is causing heartbreaking delays for LA County residents seeking an array of critical services including timely medical needs. Eligibility workers are being asked to do the impossible, resulting in an unbelievable amount of stress and a physically and emotionally taxing work environment.

Eligibility workers have sounded the alarm and are now coming together to call on LA County Board of Supervisors to stand with workers and help address this crisis head-on.
