

On April 14 Working Families Will Rise Together!

SEIU Local 721 members have anchored the Fight to raise up working families and we've delivered! Already we've ensured that every L.A. City and L.A. County 721 member earns more than \$15/hr. Plus we got L.A. City, LA County, Long Beach, Santa Monica and Pasadena to increase the minimum wage with a path to \$15.

Now more than ever we have the power and the vantage point to negotiate even higher for every SEIU 721 member.

It falls on us Public Workers to continue pushing back on the wealthy few that are also targeting our healthcare, our pensions and all of the gains that we've made in our contracts.

We must come out strong on April 14th. Submit your day off request today.

It's time to put the pedal to the metal and let the big corporations and those running for office know that working families are united, and ready to fight for their right to come together for a better life.

**We will not be divided.
Come get our vote!**

**Thursday, April 14th
10:30 AM
3rd St. & Grand Ave.
Downtown Los Angeles**

**Secure your day off
from work today.**
