

## SEIU 721 - Human Services Agency - County of Ventura June 2016

**Human Services Agency (HSA) workers at the County of Ventura are standing united as they fight for health and safety on the job.**

- Recent bomb threats at HSA locations put the public and workers at risk. Management's poor communication as these incidents evolved left workers and the public in the dark.
- On Monday, May 31, SEIU Local 721 member leaders in HSA delivered a grievance and hundreds of petition signatures to HSA Deputy Director of Administration Melissa Livingston.
- The message is clear; workers want a safe workplace through clear lines of communication during hazardous situations that put everybody at risk, including our community.

**IT'S TIME TO LIFT UP VENTURA COUNTY!**

### NEXT STEPS

Do you have urgent safety concerns that could affect the public in your workplace? If so, sign the countywide SEIU 721 health and safety petition to get a strong and cohesive safety policy that includes training for worksites.

See you worksite organizer for details or call the SEIU 721 Ventura office at (805) 650-4420.
