

SEIU Member Leadership Delivers A Big Win

Thanks to SEIU member leadership, the Tri-Counties Regional Center has received additional funding from the State of California (ABX2-1 funds) and a large portion of those funds are required to be used for employee salaries. Salary increases are key to retaining the experienced professionals that our communities need to serve families with disabilities.

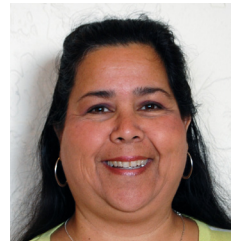

With your work and unanimous vote last week, all eligible TCRC **workers have won a 10.5% salary increase.** Those in the

Psychologist I and II classifications won a 22.5% salary increase. These increases will show up on the **July 22** paycheck.

This is a massive step in the right direction and a win for our members and the families and individuals we serve.

Full paying dues members and members who contribute to COPE, SEIU's Committee on Political Education, make these victories possible.

"We're on a roll! Stay engaged and stay connected with our SEIU 721 union. If you're not a member, now is the time to join!"
