

# County of Ventura Members Tell the Board to Give Thanks!

Nov. 23, 2016

**S**EIU Local 721 County of Ventura members sent a message to the Board of Supervisors, in person: "Give us thanks for a job well done!"

The member delegation delivered Thanksgiving gift baskets filled with actual bills from members across the county - reminders that our families' physical and financial health are at stake as we bargain for a strong contract. And, we filmed it!

We are proud of our hard work and we have earned the right to good, middle-class jobs! This Thanksgiving, we're not just going to be thankful for what

we have. We're going to fight for what we've earned – and we've earned a fair contract! It's time for the Ventura County Board of Supervisors to show gratitude for our hard work. Lift up Ventura County and give us thanks for a job well done!
