Michael Kaufman	431	We have already learned the financial state of the County is good, but they are not budgeting for the workers. The county complains every time they make required payments to our Retirement of Health Plans if we are liabilities to them. We are not liabilities. We are assets. As the current chair and former secretary of our unit I worked hard with our team to provide a raise greater than the cost of living. We can and must fight to protect and improve our jobs and benefits. Let's get a contract we want. Thank you for your support.
Javier Marin	431	Hello my name is Javier Marin! I've been on the last 2 bargaining committees. I loved every moment of it, and gain great experiences that I will never get anywhere else. My goal is to be a part of the upcoming bargaining and future bargaining committee until the day I retire from the county of Los Angeles. I want to be part of history that we SEIU 721 will create for all of our brothers and sisters of SEIU 721.
Steven Medlox	431	I would love to be a bargaining member this contract year. I recently became a shop steward and is looking for more involvement in my union to fight and sustain a healthy and safe work environment for our members. I want to grow and learn. Bargaining is the fighting foundation to our representation strengths.
Jaime Nungaray	431	I have been a union steward for 7 years. I have participated in many rallies, meetings, political walks and phone banks. In addition, I currently serve as a committee member in the JLM for the Dept. of Parks and Recreation. I have done so much research in preparation for the 2018 Bargaining Negotiations and ask that you vote for me. I have the passion and skills to fight for what's right!
John Poole	431	I am a union representative, where 721 members currently look to me for guidance and explanation of our contract. I would now like to be a part of the 2018 Bargaining Team. I can acquire and convey information of current issues and concerns of 721 members to facilitate a strong contract.
