SEIU LOCAL 721'S ENDORSED
CHOICE FOR GOVERNOR:**

GAVIN NEWSOM

Lieutenant Governor Newsom has been at the forefront of many of the major issues facing our state. As Governor, he will lead the way into the future, advocating visionary policies, including:

- **Healthcare for all Californians.** Gavin Newsom was the first candidate for Governor to embrace expanding healthcare to all Californians.
- **Fighting against income inequality.** As Governor, Gavin Newsom will work to protect public employee pensions, and fight back against Donald Trump's tax cuts for the wealthy.
- **Free Community College.** Newsom has fought ferociously to make higher education more affordable, opposing tuition increases in his role as a UC Regent and CSU Trustee, and proposing a plan to make California Community College free.
- **Combating homelessness.** As Governor, Gavin Newsom will lead the effort to develop more affordable housing, address the needs of Californians who are homeless, and construct 3.5 million new units of housing to meet the growing demand for housing in California.

Gavin Newsom is the only candidate supported by SEIU and the California Labor Federation because he will be a fearless champion for California's working families.
