

# 721 Members Stand in Solidarity During RN Strike

LA County Health Service Workers, Show your support of Quality Patient Care

**LA County Registered Nurses** are sounding the alarm about LA County's failure to solve its chronic retention crisis and we will not stop fighting until county leaders make patient safety a priority!

Patients cannot speak for themselves, **we are their voice.** LA County Health Services workers, we need your help.

**WHAT CAN YOU DO?** Health Care staff who are not RNs, can legally join the strike line only during official breaks and before or after work. See you at the picket line!

It's times like these when the power of our collective voice is heard more loudly than ever. Get involved and be a part of this historic fight for our community because, **When we fight, We win!** See the other side for the full ULP Strike Calendar. ➔
