INTO SIGNING AWAY
MY RIGHTS AND
GIVING UP MY
UNION”**

SEIU 721

Anti-worker organizations and the billionaires that fund them are on an all-out blitz to trick union members into signing away our rights and leaving us unprotected and without union representation.

Their goal is simple. Weaken our union so that they can funnel more money to the top.

Don't fall for it! If you see mailers, emails or other attempts to get you to drop your union, report it to Member Connection at 877-721-4968.
